idral ITALIAN PARTNER FOR WATER SOLUTIONS

Since 1970, Idral has been designing and manufacturing faucets, sanitary fixtures, and accessories for public spaces. Over the years, the brand has built upon its legacy, specializing in highly technical, durable, safe, accessible, hygienic, and environmentally friendly products. Today, Idral's story reflects a commitment to leveraging experience and artisanal skills to create a forward-looking company focused on technology, innovation, and energy efficiency.

DELABIE

Founded in 1928 by Georges Delabie, the company started as a sanitary ware wholesale merchant in Paris before acquiring a foundry in Friville, Somme, France. Initially focused on producing taps and floor traps for bathrooms and kitchens, Delabie has since seen successive generations ensure the family-owned business' growth. They remain dedicated to preserving the brand's identity while continuing their pursuit of excellence.

In 1965 a group of entrepreneurs, decided to pursue the adventure of replacing old traps lead made at that time, with others made in plastic, easier to install with better performance. This was the origin of Jimten. From then on, Jimten has evolved as its customers' needs have. From a small family-owned company, to the global company, leader in manufacturing and distribution of plastic solutions for the conduction of fluids it is nowadays.

Elaya was established with a vision to transform the sanitary ware industry by blending innovative technology with stunning design. The brand offers a comprehensive range of products, including elegantly designed accessories, advanced showers, stylish toilets, and luxurious bathtubs, all crafted to enhance the everyday experiences of customers and meet their diverse and evolving needs.

When the company LAUFEN was founded in Switzerland in 1892, sanitary conditions were well below today's standards and level of convenience – standards to which LAUFEN, the only sanitary porcelain manufacturer producing exclusively in Europe, contributed. The Swiss brand LAUFEN stands for precision, quality, design and sustainability in the context of total bathroom concepts.

born from the tradition and experience of master ceramists, with the intention of enhancing this noble raw material, and using it to create innovative and original bathroom furnishing collections, that are at the same time timeless, contemporary and linked to our tradition. Ceramica Cielo is 100% controlled by IBD - Italian Bathroom Design, leader in the design and production of high quality Made in Italy ceramics, whose majority is owned by the Mittel group. The Cielo collections have a recognisable, innovative, elegant and functional design.

- ELAYA
- PERFORMA DESIGN

Bobrick is a 100+ year-old global washroom accessory and partition company headquartered in North Hollywood, CA with six manufacturing divisions across the United States and Canada and business operations that extend into 85 markets worldwide.

DECOR WALTHER

Decor Walther has stood for quality bathroom furnishing such as lamps, mirrors and accessories for over four decades.

It all began in 1973, in Frankfurt am Main/Germany, with a small specialist shop founded by Harald Walther.

Today they are one of the leading suppliers in this sector, reaching far beyond Germany's borders.

HEWI

The success story of Heinrich Wilke GmbH begins in 1929, as Heinrich Wilke had the Waldecker company entered in the commercial register under the abbreviated name HEWI: HEWI stands for the initial letters of his name. From grain binder equipment to coin trays, buttons and finger plates through to the first nylon lever handle, HEWI made useful products from polyamide and is therefore one of the first plastics processing companies in Germany.

Fresh and modern, the Miro Europe brand was born in 2001 based on a twenty-year long experience in the taps and fittings sector which then evolved into a range of alternative and winning products for the bathroom accessory sector. Our winning strategy was to focus all energies on quality, so as to grow through innovation and constant update of our product range.

Today, Miro Europe is a company evolving on a constant basis and searching for the most functional products with a captivating design.

SANITARY WARES & FIXTURES

Sonia has a passion that goes beyond simply creating unique products for the bath. From accessories and furniture to basins, mirrors, and lights, Sonia believes in creating products with personality that improve people's lives and their environment.

This passion goes beyond the act of creation. Sonia's concepts become products from abstract ideas, emotions, and insights that their designers have experienced in their everyday lives. If Sonia's products could be thought of as living objects, then the Sonia spirit boldly flows through their veins, inspiring feeling, thought, and playfulness.
